

This years flying week was probably the best ever with most days forecast as day 4 by Weatherjack. Well over 4000 miles were flown during the week.

As well as the brilliant flying the socials we well up to the standard expected. Saturday's BBQ produced fantastic food and more laughs than most people have had for ages. Simon proved he was game for a laugh and a great number 4 engine (if a little prone to self combustion).

Those in the know will never forget Jo Cooper and his Nivea, a night at the airfield that shall never be forgotten for those there. As an aside it is a really good job Paul Porter owns a dry cleaners after his 5 hours.

Congratulations are due to everyone for making the week so good but especially:

Steve Allen	First Solo
Mike McNalley	First Solo
Jane Cooper	50 k to Bicester (72 actually)
Vickey Asquith	Silver Height, 3 broken links and tripled her solo hours.
Jo Cooper	5 Hours
Paul Porter	5 Hours
Rob Marsh	2 Hours
Rob Marsh	Silver height

The other main achievements came from our cross country pilots. Below is a chart of most of the declared flights:
